

Appropriate coverage of corporative management

“Corporative management: coverage in the media” - this is the title of a round table held in Dushanbe on 12 May

The round table is organized by the International Financial Corporation (IFC) Project in Central Asia.

The IFC experts told Tajik journalists about the principles of coverage of corporative management in the media and about the importance of this.

The workshop was conducted in an interactive format moderated by an experienced economist from Kazakhstan.
