

## **On 11 October, Tajik ministries and government institutions will present new data to the media**

A new season of quarterly press conferences will start on 11 October. The President's Office reminds that the ministries and other government bodies will present information on the outcomes of the third quarter at press conferences.

According to the President's decree dated 4 March 2005, quarterly press conferences are conducted with the purpose to ensure transparency of activities by the ministries, government institutions and local administrations, and to ensure access of journalists to official data.
